

Kindernook Preschool

Kindernook Preschool was established in 1953 as an outreach of Countryside Community Church located at 8787 Pacific Street.

Over the years, Kindernook has become a tradition for many families in the Omaha area. Our innovative curriculum and creative programming are the basis of our mission that welcomes children of all backgrounds, embraces the philosophy of learning through play, expands our interactions with the environment and helps children grow into the young learners they were born to be.

When children are given the opportunity to explore in a supportive classroom environment they develop problem-solving skills, keen interest in particular areas, positive self-esteem and the tools they need to thrive.

In September 2019 we will open the doors to our brand new facility located in Countryside Community Church on the Tri-Faith Campus at 13130 Faith Plaza.

Classrooms will be located in a designated education area that will have a lending library, art room, access to the indoor community center and outdoor classroom space. The outdoor play space will allow children to run, slide, climb, and dig in the sand. Children can explore the water area and watch water splash on the rocks or fill buckets to use in the sand box.

Since 1953 we have provided exceptional early childhood education to children. We will continue to work to instill a love and excitement for learning and create lasting relationships for the next generation of Kindernook families. We hope you will join us!
